Woonsocket, RI 02895

RE: CVS Orlando FL DISTRIBUTION, L.L.C.

Dear Mr./Ms. Eufemia Bryden:

Our records reflect that the permitted establishment listed above has timely submitted an application and appropriate fee to facilitate the renewal of its permit; the division is currently processing the renewal application.

Section 499.012(12)(b), F.S., provides:

A permit, unless sooner suspended or revoked, automatically expires 1 year after the last day of the anniversary month in which the permit was originally issued. A permit may be renewed by making application for renewal on forms furnished by the department and paying the appropriate fees. If a renewal application and fee are submitted and postmarked after 45 days prior to the expiration date of the permit, the permit may be renewed only upon payment of a late renewal fee of \$100, plus the required renewal fee. A permittee that has submitted a renewal application in accordance with this paragraph may continue to operate under its permit, unless the permit is suspended or revoked, until final disposition of the renewal application.

In accordance with the provisions of s. 499.012(12)(b), F.S., the above-named permitted establishment may continue to operate under its permit until final disposition of the renewal application. The "Status" field on the department's licensing verification web portal should reflect "Current, Renewal in Process."

Feel free to refer your company's prescription drug vendors and source to our division if individualized confirmation of these matters is required.

Sincerely,

Bryant Wombles  
Regulatory Specialist II
