II Collect Freight Routing Instructions

All **CVS Managed Freight** (Collect, Backhaul and CPU) is required to be compliant with the CVS Collect Freight Routing Instructions as outlined in this routing guide. All shipments 350 lbs. and/or 30 cases or greater (or any shipment that exceeds the CVS Small Parcel guidelines herein) must be routed through the CVS Transportation/Routing Portal ('MercuryGate').

For access to the CVS Transportation/Routing portal, on-boarding instructions, and/or portal training, contact Phillip.Trudeau@CVSHealth.com, Austin.Rey@CVSHealth.com Katie.Blanchard@CVSHealth.com

Any shipment not compliant with the CVS Routing Instructions will receive a penalty in the form of an invoice offset deduction or the freight invoice payment denied by CVS.

All collect shipments must be tendered and authorized by the CVS Transportation team. CVS reserves the right to deny payment for any unauthorized collect shipments.

All pharmacy (Rx) and pseudoephedrine/ephedrine (PSE/E) shipments cannot negotiate collect freight terms as they must use prepaid freight as outlined in Section III.

In the event you need to speak with someone in the Transportation Department regarding routing, you can reach out to the following emails below. Please make sure you email the region where your freight is being delivered. If you have general routing/freight management questions, contact any one of the below regional emails.

II.1 General Routing Notes

- **High Value Shipments:** Suppliers with single shipments exceeding the value of \$100,000 must contact the CVS Transportation Department by emailing the proper region and must disclose the value of the shipment in the special instructions field via the **CVS Transportation/Routing Portal ('MercuryGate')**. Failure to disclose load value in excess of \$100K could result in **penalties in the form of an invoice offset deduction**.
- **Backhaul Opportunities:** Suppliers must contact the CVS Transportation Department to discuss backhaul opportunities whenever shipping to a CVS Distribution Center located within 150 miles of their shipping point. Please contact the proper region when applicable.
- **Backorder Shipping Expectations:** Please be advised that shippers with negotiated collect freight terms will be responsible for all freight tendering responsibility and the corresponding freight charges associated with any/all backorders. Please contact the proper region with any questions regarding this expectation.
- **Product Origin Expectations:** Shipments must originate from the supplier's production facility or warehouse location closest to the CVS distribution center destination. Any

changes to ship origins should be communicated to *all three regional contact e-mails above, and TransportationStrat@CVSHealth.com*.

- **Multiple Purchase Order Expectations:** Multiple purchase orders shipped from the same location that would normally ship within one to three days of each other should be combined as one shipment (excluding weekends and holidays).
- **Time Specific Services:** Suppliers must receive written authorization from a member of the CVS Transportation Department to ship using a time specific service (services included, but not limited to, Expedited Freight, Guaranteed Delivery or Time Critical). Please contact the proper region for authorization.
- **Detention on Pickup:** Suppliers will be notified via e-mail of any detention/accessorial charges and have 48 hours to challenge with the carrier. If no response is received, approval of the charges is assumed and the charges will stand as notified.
- **Count Verification:** For CVS managed loads, the driver is only required to count the pallets. They are **not** required to count the cases.
- **Cubic Feet Requirements:**
 - a) Pallets will be considered 96 inches in height if any of the following apply:
 - Pallets, skids or cartons banded or shrink wrapped together into a single unit which are pyramided, rounded, or topped off.
 - Units which have an irregular shape on top (i.e., machines, etc.).
 - Units that are marked with instructions that no other freight is to be loaded on top.
 - b) If the shipment is palletized, the dimensions of the pallet determine the cubic dimensions

II.2 Routing Entry and Instructions:

Shipment Size: All shipments **350 lbs and/or greater than 30 cases** (or any shipment that exceeds the CVS Small Parcel guidelines as outlined herein) must be submitted to CVS via the Transportation/Routing Portal ('MercuryGate'). Each submission is for 1 truckload. **If you have a purchase order that exceeds 1 truck, multiple submissions are necessary. Please submit with the same PO #, do not add any additional characters such as "A" or "B."**

Failure to follow these instructions will result in a penalty in the form of an invoice offset deduction equal to the difference in freight charges.

Routing Portal Entry Requirements:

System Entry Dates: All routing entry dates must be in compliance with the OTIF guidelines outlined below.

System Entry Accuracy: Shipment information entered into the Transportation/Routing Portal ('MercuryGate') must be accurate. Shipments are routed based on the information

provided and additional charges due to submission of incorrect information will be charged back to the shipper in the form of a LOG (Logistics) and/or OTIF invoice offset deduction.

II.2.a System Entry Timing and Freight Availability:

a. Routing Request Date (“Create Date” in MercuryGate):

- The date the shipping information is submitted in MercuryGate must be **3 business days prior to the Shipment Ready Date (see next bullet point)**. When calculating the business days between these two dates, DO NOT include the Routing Request Date, Shipment Ready Date, weekends, or ****DC** holiday closures.

b. Shipment Ready Date (“Target Early Date” in MercuryGate):

- Prior to routing entry, suppliers are responsible for obtaining the total transit days from the Transit Matrix (below) when determining their Shipment Ready Date.
- The Shipment Ready Date **must be the minimum required business days in advance of the PO Ship to Arrive (STA) Date according to the CVS Transit Matrix below.** When determining the Shipment Ready Date, include the Shipment Ready Date but DO NOT include the STA Date, weekends, or ****DC** holiday closures in the calculation.

****DC** holiday closure dates are available on the CVS Suppliers website

<https://cvssuppliers.com/document-library/supply-chain-performance>

• Screenshot from MercuryGate:

The screenshot displays the MercuryGate interface for setting up a shipment. It is divided into two main sections: 'Origin Location' and 'Destination Location'.

Origin Location:

- Select Location:** A dropdown menu.
- Address:** SUPPLIER MUST CHANGE, US
- Contact:** A field with an asterisk.
- Phone:** A text input field.
- Email:** A field with an asterisk.
- Comments:** A large text area.
- Early Date:** 02/15/2021 12:00 AM (highlighted in yellow)
- Late Date:** 02/15/2021 12:00 AM (highlighted in yellow)

Destination Location:

- Address:** CVS-KANSAS CITY, 10711 N CONGRESS AVE, KANSAS CITY, MO, 64153 US
- Early Date:** 02/22/2021 12:00 AM (highlighted in yellow)
- Late Date:** 02/22/2021 12:00 AM (highlighted in yellow)

- The highlighted “**Early Date**” above in the Origin Location section represents the first date the freight will be ready for pickup. It is the **Shipment Ready Date** utilized to determine the On-Time portion of OTIF Compliance. You may see this date indicated as the **Target Ship Early Date** in MercuryGate.
- There must be 3 business days between this date (“Shipment Ready Date”) and the date the route is created (“Routing Request Date”).
- The Late Date in the Origin Location section should represent the latest date the load can ship while still meeting the minimum required transit times. In lieu of entering the same dates in

the Early and Late date fields, it is helpful to provide a larger available pickup window between these two dates (while still meeting the minimum required transit times).

- The number of days between the “Early Date” (“Shipment Ready Date”) and the PO STA date must allow for the total transit time based on the Transit Matrix.
- If you see a negative number, that means you selected an available ship date (Early Date) that is before the date you’re creating the load. This will result in OTIF penalty in the form of an invoice offset deduction.
- Keep in mind that OTIF compliance is based on the Original PO STA Date
- An illustrative example is included below

Transit Matrix

Use the matrix to determine the minimum **business days** of freight availability prior to the STA date.

For example, a shipment going from CA to RI (Zone 5 to Zone 1A) requires at least 7 **business days** of availability prior to the STA date.

Minimum Business Days available prior to STA

ZONE	1A	1B	1C	2	3	4	5
1A	3	3	4	4	5	6	7
1B	3	3	3	4	4	5	6
1C	4	3	3	4	4	6	7
2	4	4	4	3	3	4	6
3	5	4	4	3	3	4	5
4	6	5	6	4	4	3	4
5	7	6	7	6	5	4	3

The map shows the following zones and their constituent states:

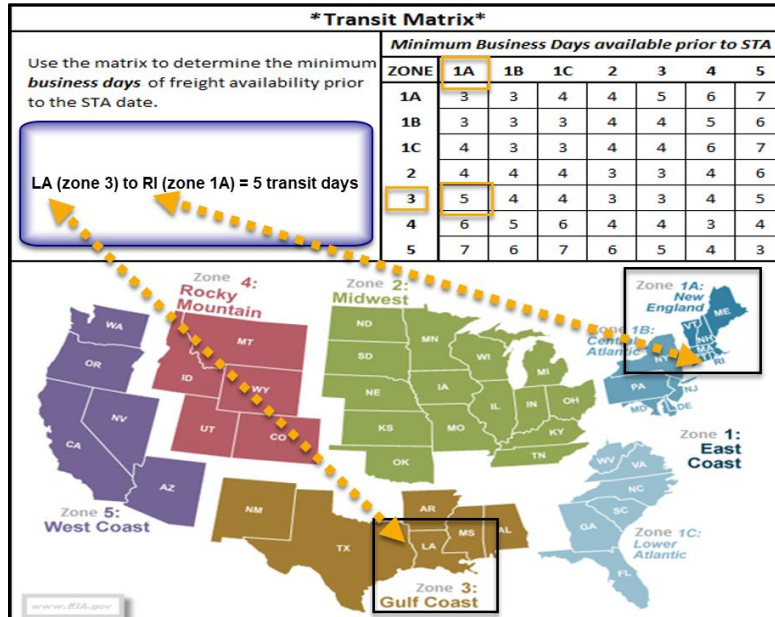

- Zone 1: East Coast** (light blue): ME, VT, NH, MA, CT, RI, NJ, DE, MD, PA, NY
- Zone 1A: New England** (dark blue): ME, VT, NH, MA, CT, RI
- Zone 1B: Central Atlantic** (medium blue): NY, NJ, DE, MD, PA
- Zone 1C: Lower Atlantic** (light blue): WV, VA, NC, SC, GA, FL
- Zone 2: Midwest** (green): ND, SD, NE, KS, MN, IA, MO, WI, IL, IN, OH, MI, TN, KY
- Zone 3: Gulf Coast** (brown): TX, NM, OK, AR, LA, MS, AL
- Zone 4: Rocky Mountain** (red): MT, WY, UT, CO, ID
- Zone 5: West Coast** (purple): WA, OR, NV, AZ, CA

www.EIA.gov

Example for utilizing the Transit Matrix and Mercury Gate portal entries:

PO STA date is 1/22/21, shipping from LA to RI = 5 transit days

LA is in Zone 3. RI is in Zone 1A. Intersect both zones to determine total transit days = 5

System Entry (create) date	72hrs/3 business days	Shipment Ready Date (available date)	transit days	PO STA date
1/8/2021	3	1/14/2021	5	1/22/2021

business day calculation accounts for 72hrs / 3 days between these 2 dates

business day calculation between these 2 dates accounts for 5 transit days. Omit 1/19/21 from the calculation to account for DC closure in observance of Martin Luther King holiday

II.2.b Customer Pickup (CPU)

This section refers to Prepaid freight that is picked up and managed by CVS.

CPU Routing Request Date and Freight Availability:

Similar to Collect shipments, all loads must be entered into the Transportation/Routing Portal ('MercuryGate') and must follow the Routing Instructions outlined below.

Shipment Ready Date ("Target Early Date" in MercuryGate):

- The Shipment Ready Date **must be at least 4 business days prior to the PO STA date**. When determining the Shipment Ready Date, include the Shipment Ready Date but DO NOT include the STA Date, weekends, or ****DC** holiday closures in the calculation.
- **An illustrative example is included below**

***DC holiday closures are available on the CVS Suppliers website*

<https://cvssuppliers.com/document-library/supply-chain-performance>

PO STA date is 1/22/21

System Entry (create) date	72hrs/3 business days	Shipment Ready date (available date)	Transit Days (all lanes = 4 days)	PO STA date
1/12/2021	N/A	1/15/2021	4	1/22/2021

business day calculation between these 2 dates accounts for 4 transit days. Omit 1/19/21 from the calculation to account for DC closure in observance of Martin Luther King holiday

II.2.c Post System Entry and Next Steps

- a. Once routed via the Transportation/Routing Portal ('MercuryGate'), the CVS Transportation Team will make a carrier assignment based on required service level. Status of carrier assignment, routing instructions, and BOL generation are available via the Transportation/Routing Portal ('MercuryGate').
 - The information printed on the CVS BOL is derived from the Shipper data entered into the Transportation/Routing Portal ('MercuryGate'). It is imperative the information is accurate to avoid penalties.
- b. The Supplier is required to use the CVS provided BOL. If the Supplier chooses to use another BOL (i.e. own or carrier's) and does not provide the correct CVS LD number and PO, a penalty in the form of an invoice offset deduction will be assessed for the full amount of the applicable freight invoice. The CVS load number is 'LD' followed by 9 digits (i.e. LD000123456).
- c. In the event CVS manages your shipment with an LTL carrier, the Supplier **must** contact the Carrier to arrange the pickup unless instructed otherwise by said carrier

II.3 Partial Truckload

1. In the event CVS manages your shipment via volume LTL quote, our 3rd Party Logistics Partner/Broker or LTL carrier may provide the Supplier with their BOL. It is at the carrier's discretion which BOL to use (carrier or vendor). The Supplier must confirm all information is correct and provide this BOL to the Driver at point of pickup. Failure to utilize the correct/accurate BOL will result in a penalty in the form of an invoice offset deduction for the additional freight charges incurred plus administration fees (Refer to section VII).

II.4 UPS Ground Shipments (Small Package Shipments)

Note: Collect Suppliers **MUST** contact The CVS Transportation Team by e-mailing the proper region_for the CVS UPS Ground Collect Freight Account Number prior to shipping. All deliveries must be made on or four business days prior to the STA date.

In determining when to ship via UPS Ground instead of an LTL common carrier please use the following guidelines:

II.4.a For multi-piece shipments:

1. Shipments 350 pounds and under, with a (**maximum - 30 cartons**), ship via UPS. Please note failure to adhere to the 30 carton maximum may result in invoice offsets deductions to the vendor under the CVS Small Parcel program. Please see the Supply Chain Performance Instructions found at <https://cvssuppliers.com/document-library/supply-chain-performance> for further details.

Each carton cannot exceed the following criteria:

- a. 90” in overall length
 - b. 115” in combined length (longest side of package) + girth [(2xwidth) + (2xHeight)]
 - c. 45 lbs. in actual weight per carton
2. Do not add any insurance or handling charges.
 3. The top of the carton(s) must show the ship to address.
 4. In order to minimize the number of cartons shipped, please place smaller cartons into a larger carton when possible (no more than the total of 30 smaller cartons). The master carton must contain the Distribution Address (see Attachment I), purchase order number and box number. (e.g. 1 of 5). Each carton should contain verbiage indicating the shipping carton must be opened and inner cartons received separately. When shipping in master cartons, the master carton will not be included in the carton count with regards to the 30-case limit for the small parcel compliance program.
 5. For shipments that exceed 350 pounds and/or over 30 cartons, the vendor must route through the Transportation/Routing Portal (‘MercuryGate’) (refer to section II.2).
 6. **Every UPS shipment must include the CVS PO number in the first Reference field. Only put the 7 digit CVS PO Number, DO NOT add any qualifiers such as “PO #”, or “CVS -” etc.**
 7. All shipments must be placed inside a corrugated cardboard box.
 8. **Failure to follow the requirements above may result in penalties in the form of invoice offset deductions for any additional UPS surcharges received by CVS.**

II.4.a.1 For Single Piece Shipments

1. For shipments consisting of a single package under 140 lbs in actual weight ship via UPS Ground. Each carton cannot exceed the following criteria:
 - a. 90” in overall length
 - b. 115” in combined length (longest side of package) + girth [(2xwidth)+(2xheight)]
 - c. 140 lbs. in actual weight per carton
2. Do not add any insurance or handling charges.
3. The top of the carton(s) must show the ship to address.

4. **Every UPS shipment must include the CVS PO number in the first Reference field. Only put the 7 digit CVS PO Number, DO NOT add any qualifiers such as “PO #”, or “CVS -” etc.**
5. All shipments must be placed inside a corrugated cardboard box.
6. Failure to follow the requirements above may result in vendor chargebacks for any additional UPS surcharges received by CVS.

II.5 Floor Loading

Floor loaded shipments require the prior approval of the Transportation Department. Please reach out to the proper transportation region. Any loads delivered to the DC without prior approval will be refused at the supplier's expense.

II.6 Non-Retail Shipments

Shipment Information by Type

- For **inventoried items**, all pallets must be labeled with the six-digit CVS item number AND the Ariba PO number. If the pallet has multiple items on it, each individual box must be labeled with the corresponding CVS item number and the Ariba PO number. If this information is not clearly labeled, SOS and Hollingsworth will not be able to receive in your shipment.
- For **binder items** consolidating at SOS or Hollingsworth for current store projects, all pallets need to be clearly labeled with the store number as well as the MSD. Depending on the project type, a certain color label may be required. Procurement will notify you if a certain color label is needed. A packing list for every store shipment needs to be included in a red and white striped envelope/box. All shipments consolidating at SOS and HLG need to *deliver* two weeks prior to MSD. Please refer to the transit matrix to determine when the shipment must be entered into the Transportation/Routing Portal ('MercuryGate'), if transportation is being managed by CVS Health.
- For **fixture item rollouts**, most small package items can ship through SOS via UPS. These items must be parcel and meet the following size requirements; the packaged length of the longest side cannot exceed 48" and the package's second longest side cannot exceed 30". Hazardous material is not to be shipped via SOS's rollout program. Procurement needs notification 8 weeks ahead of time that a rollout will be going through SOS and reserves the right to deny shipping through SOS based on current rollout schedule. Your CVS business partner will notify Procurement. All rollout parcels must *deliver* to SOS two weeks prior to the need-by in-store date.

Delivery Information

SOS – All appointments for inbound shipping into SOS must be made via E-Appointments beginning July 7, 2020. Receiving hours are between 7:15am and 3:00pm, Monday through Friday.

Hollingsworth – All appointments for items shipping into HLG must be made via E-Appointments. Receiving hours are between 7:30am and 2:00pm, Monday through Friday.

Pallet Requirements

SOS – Inventoried items need to be no larger than 48"x40"x80" in order to fit on racking. Consolidated items can be no taller than 100" and need to be able to fit on a 53' truck.

Hollingsworth – Inventoried items need to be on a Grade A, 3-spline, 48"x42" pallet weighing no more than 1,200 pounds and be no taller than 84". Consolidated items must be on a Grade A wood pallet, be no more than 2,000 pounds and must not exceed a height of 108" from the floor.

II.7 Air Freight Shipments

Ordinarily, suppliers are not to ship any merchandise via air freight. However, should the need arise to ship merchandise via air freight, follow the instructions in Section IV, Deliveries of this document.

II.8 Hawaii DSD Shipments

In an effort to maximize the cost benefits associated with shipping to stores on the neighbor islands, CVS/Longs has relationships with selected consolidation vendors. As part of the program, Oahu based DSD vendors with a FOB point of Honolulu dock need to use the following selected consolidation vendors:

- Dry goods – Pacific Transfer (www.pacifictransfer.com), Contact Debbie Miguel (dmiguel@pacifictransfer.com) 808-836-3871 ext. 154
- Chill/frozen – CFI, Contact Ryan Owens (mryano@CFI-Hawaii.com) 808-833-0043

CVS/Longs will have provided these consolidators with a list of approved vendors provided by the stores you service. To be added as an approved vendor or have questions about this program, contact Tim Pelton at timothy.pelton@cvshealth.com.

II.9 Logistics Deductions (LOG):

Logistics (LOG) Deductions result when a Carrier or Supplier fails to comply with CVS Health’s routing instructions or freight handling requirements. Be advised that financial penalties will be deducted from the supplier’s invoice and appear on the remittance advice as “LOG” followed by a 5 digit number. Refer to Attachment II for a description of each code.

III Prepaid Freight Instructions

III.1 General Prepaid Notes

- Suppliers with prepaid freight terms are responsible for ensuring freight is transported timely, accurately and efficiently from the point of origin to the respective CVS DC. Suppliers are also responsible for ensuring their contracted carriers are following the scheduling requirements within Section IV – Deliveries. **If you are a prepaid supplier and would like to discuss becoming a Collect/CPU supplier with CVS, please contact TransportationStrat@CVSHealth.com.**
- In order to ensure timely delivery, please work with your carrier to determine a timely pickup date that will allow the carrier to deliver your freight on or four business days before the purchase order Ship-to-Arrive date. Transit time should be a major consideration when determining an appropriate pickup date and suppliers shipping less than truckload should also factor in *at least four business days* for freight consolidation at the carrier's consolidation terminal. Refer to the *Supplier-Carrier Guidelines for Prepaid LTL Shipments* document for more information <https://cvssuppliers.com/document-library/supply-chain-performance>

III.2 Preferred and Drop Approved Carriers

Preferred Carriers - For all prepaid shipments “less than truckload” (LTL), “under-utilized truckload” (UTL) or “truckload” (TL), CVS has a Preferred Carrier Program to assist suppliers in selecting a reliable carrier. Carriers in this program have provided consistently higher levels of service and operating efficiency when moving freight into the CVS DC network.

The following carriers have been included in the Preferred Carrier Program. For LTL, please note CVS has *National LTL Preferred Carriers*, who service the entire CVS distribution center network, and *Regional LTL Preferred Carriers*, who services specific regions within the CVS DC network (noted below).

Preferred - TL

Preferred - Regional LTL		
Carrier	Contact	Preferred DCs
A Duie Pyle	cs@aduiepile.com	VA, PA, NJ, NY, RI

In addition to the benefits of higher levels of service, CVS also provides suppliers an added incentive to utilize a preferred carrier. Suppliers utilizing the LTL Consolidation Program with CH Robinson Consolidation or a National / Regional LTL Preferred carrier will be exempt from the Appointment Integrity Program [exemption does not apply to OTIF or any other CVS supply chain performance program].

For more information on CVS' Appointment Integrity Program, please refer to the Supply Chain Performance Program Instructions available at <https://cvssuppliers.com/document-library/supply-chain-performance>.

Note> Only carriers included in the Preferred program have drop privileges in the CVS distribution network. Deliveries for all other carriers must be unloaded and received live.

III.3 C.H. Robinson Consolidation Program

CVS and C.H. Robinson have joined resources to focus on improving efficiency and service levels within the inbound supply chain. This inbound consolidation program focuses on LTL and UTL (under-utilized TL) shipments. The program is designed to consolidate freight through a network of strategically located consolidation centers while managing the product delivery to CVS Distribution Centers based on common STA dates. The primary focus points of the program also include:

- Expedited receiving of product within the CVS DC network,
- Improved compliance with CVS on time delivery requirements,
- Full visibility of CVS goods through the transportation supply chain and
- Reduced PO cycle time (Order date to DC receipt date).

Using C.H. Robinson qualifies as use of a preferred CVS transportation supplier. For information regarding rollout timeline and additional program details, please contact the C.H. Robinson "CVS Customer Center" at cvsConsol@chrobinson.com or 855-202-0006.

III.4 Small Package Shipments

All packages tendered to small package delivery carriers (UPS, Federal Express, etc) **must** reference CVS' PO Number in the first reference field and the destination address should match exactly to addresses disclosed in Attachment I. Small parcel delivery signatures verify **CASE COUNT ONLY** and do not serve as confirmation of receipt of all goods. All deliveries must be made on or four business days prior to the STA date.

In order to minimize the number of cartons shipped, please place smaller cartons into a larger carton when possible. The master carton must contain the Distribution Address (see Attachment I), purchase order number and box number. (e.g. 1 of 5). Each carton should contain verbiage indicating the shipping carton must be opened and inner cartons received separately.

Please note the maximum number of cartons for prepaid small parcel/ground shipments is 15 cartons per purchase order. When shipping in master cartons, the master carton will not be included in the carton count with regards to the 15 case limit for the small parcel compliance program. Failure to adhere to this policy could result in invoice offset deductions. More information is available within the Supply Chain Performance Program Instructions found at <https://cvssuppliers.com/document-library/supply-chain-performance>

- c. Carriers can check the appointment status for each of their loads by searching for the request in the eAppointment website. Submitting another request could result in a duplicate and Appointment Integrity penalties may apply. Refer to the Supply Chain Performance Program Instructions found at <https://cvssuppliers.com/document-library/supply-chain-performance>
- d. Any missed appointments should be rescheduled using the same appointment in the web-based scheduling tool. **DO NOT SUBMIT A NEW REQUEST.**
- e. Any further questions regarding access to the CVS eAppointment scheduling system, appointment requests or approved appointments can be addressed to Katie Blanchard at Katie.Blanchard@CVSHealth.com or Austin Rey at Austin.Rey@CVSHealth.com.

The Distribution Center can refuse the entire truck and/or purchase orders not listed on the appointment request at time of delivery.
